

Juno screenwriter Diablo Cody worked on the script for the upcoming Evil Dead remake, polishing up the original draft by director Fede Alvarez. Now speaking to Collider Cody speaks about the work she did and gives us a bit of an idea on what to expect from this controversial remake. She does confirm something that "Dead Heads" will be very happy about; the script at least is scary and "unbelievably violent".. When you worked on it, were you on it for a few weeks, was it a few months? And talk a little bit about working on it, cause this is a huge property for so many people. Cody: I know, honestly I was so excited to do it. I wouldn't have even gotten involved if Sam [Raimi] and Bruce Campbell hadn't been involved as well, they're producing it, and so of course I was like "Alright I have to do this" because
