

Source: MTV Geek Get More: MTV Shows The Ro-Bear Berbils are partly furred robot-bears from the planet Ro-Bear. Because their homeworld is so tiny, they must form other colonies on distant worlds to survive. Small and harmless-looking, the Berbils are steadfast, hardy workers and skilled farmers, cooks and craftsmen. It was thanks to them that Tygra was able to build Cat's Lair — and later the Tower of Omens — so quickly. Apparently, the Ro-Bear Berbils are Cybernetic organisms, as they are able to eat and digest organic food. Ro-Bear-Bill and Ro-Bear-Belle are the leaders of the nearby Ro-Bear Berbil village, these robot-bears are the first to befriend the ThunderCats and often supply information about local places, people and phenomena on Third Earth. Through their fields and forests of Fruit Trees, they are also able to provide the Thundereans with new foodstuffs. It was revealed that two Ro-Bear Berbils had saved Lynx-O, Bengali, and
