

Last night's international trailer for Underworld: Blood Wars was mostly made up of previously seen footage, but this (supposedly) final trailer for the fifth installment in Screen Gems' horror/action franchise is jam-packed with new stuff. In fact, it kinda gives away most of the movie. But hey, nobody watches these things for the story anyway, so have a look at Kate Beckinsale's Selene kicking some Lycan ass, and let us know what you think in the usual place.

Underworld: Blood Wars follows Vampire death dealer, Selene (Kate Beckinsale), as she fends off brutal attacks from both the Lycan clan and the Vampire faction that betrayed her. With her only allies, David (Theo James) and his father Thomas (Charles Dance), she must stop the eternal war between Lycans and Vampires, even if it means she has to make the ultimate sacrifice. Underworld: Blood Wars hits theaters January 6, 2017.
