

We don't have too long to wait until Kong: Skull Island is released in theaters, and with a couple of new TV spots and some banners making their way online recently, it probably won't be too much longer before a final trailer hits. In the meantime, however, we have SFX's latest cover, which provides us with a brand new glimpse of the mighty simian king in all his glory. A team of explorers and soldiers travel to an uncharted island in the Pacific, unaware that they are crossing into the domain of monsters, including the mythic Kong. Starring Brie Larson, Tom Hiddleston, Samuel L. Jackson, John Goodman, Jing Tian, Corey Hawkins, Jason Mitchell, John Ortiz, Shea Whigham, and Toby Kebbell, Kong: Skull Island is set to be released on March 10th, 2017.
