

The Great Ultron Premium Format figure captures every aspect of the Marvel villain in stunning detail. Presented here in approximately 1:4 scale, each piece is individually painted and finished, with its own unique quality and detail that is the trademark of a handcrafted Sideshow Collectibles product. The figure also features a dramatic lighted element, and real fabric cape. The Great Ultron Premium Format Figure is an outstanding addition to any Marvel collection. Place your order here - Arguably the greatest and certainly the most horrific creation of scientific genius Dr. Henry Pym, Ultron is a criminally insane rogue sentient robot dedicated to conquest and the extermination of humanity. Originally built as a structurally crude robot, Pym used a copy of his own brain patterns as the basis for the robot's programming. The robot inherited Pym's inherent mental instability along with his intelligence but lacked a human conscience. To Pym's surprise, the robot
