

Our round up of some smaller comic, Sci-Fi, Fantasy, Horror, Action, Anime Drama, TV and CBM related movie news that may be of interest. There's a definite theme running through today's edition, can you guess what it is? First up, the trailer for Jennifer Lawrence's new horror flick House At The End Of The Street which co-stars Elizabeth Shue. It looks like it might be ok, but what's most interesting is where the marketing folks have chosen to focus their attention. What's better than having one of the hottest properties in Hollywood act in your movie? Having said hottest property run around in the trailer in a revealing white vest top.. Next up some very sexy Wonder Woman body-art. Click the pic below to see the full NSFW image of model Christina Carter all painted up as Princess Diana.. Speaking of busts, Here are a couple of cool new The Amazing Spider-Man ones of
