

The Russian folks over at StarkIndustries.ru have gotten their hands on the 224-paged, fully illustrated 'Art of Thor' book, unveiling production artwork, behind-the-scenes photography, and essentially an insider's look into the making of Marvel's Kenneth Branagh-directed THOR film. With a video recap foremost, a few snapshots are available below. [Click image to Enlarge]

To reserve or purchase your own 'The Art Of Thor' book, jump over to Amazon, while they're in stock! What do you think? Thor spans the Marvel Universe from present day Earth to the realm of Asgard. At the center of the story is The Mighty Thor, a powerful but arrogant warrior whose reckless actions reignite an ancient war. Thor is cast down to Earth and forced to live among humans as punishment. Once here, Thor learns what it
