Rogue One: A Star Wars Story is finally in theaters, and, well, it's pretty f***ing amazing (you can read my review by clicking here). However, like most movies, it's not entirely perfect, and there are almost as many things that didn't work as those that did. It goes without saying that MAJOR SPOILERS follow as I delve into everything from the ending to the fate of the characters and a HUGE action scene. Just because something didn't work, that doesn't mean it's a bad movie, but you may be surprised by both the things that Rogue One
