

WARNING: MAJOR SPOILERS For Rogue One: A Star Wars Story Follow From This Point Onwards! When we first see Darth Vader in Rogue One: A Star Wars Story, he's on his home on Mustafar inside a Bacta tank. We only get a glimpse of what's left of the Sith Lord's original body, but the fact that this is how Anakin spends his time is definitely interesting and should leave fans talking for years to come. **SPOILERS: ROGUE ONE: A STAR WARS STORY - 7 Things It Got Right & 3 Things It Got Wrong** Now, thanks to io9, we have a new piece of concept art from The Art of Rogue One: A Star Wars Story which shows Vader inside that tube. More pieces can be found by heading over to the site, but this one is particularly interesting, and hopefully just one of many pieces focusing on the villain in that book. What did you guys think about Vader's role in Rogue One? Let us know that in the
