

Apart from Chris Hemsworth and Tom Hiddleston, Stellan Skarsgård is the only Thor actor who returns in Marvel's The Avengers (that we know of) and had this to say about his pivotal role in the superhero ensemble. "I haven't seen the film yet but it's the same character as in the first Thor film, although something happens in The Avengers which changes him and which gave me the pleasure of playing something different." As for whether or not he'll return for Thor 2, he revealed that he's yet to hear either way. "They're working on it and they hope to start shooting in the fall, and I hope to be in it. They have me on contract so... And I'd love to work with those guys again. I'm having fun in the Marvel films." Of course, if he does return as Dr Erik Selvig in the sequel, it will be under the
