

The following pics from January's midseason premiere of The Flash, "Borrowing problems from the Future", give us a first look at 30 Days of Night actor Stephen Huszar as the villainous marksman known as Deadsh... err, I mean Plunder. Seriously though, this guy does have a pretty cool origin in the comic, so it'll be interesting to see if the show follows suit. We also get a look at a fairly tense looking moment between two speedsters, and several other members of Team Flash. You can check out a few stills below, but click here for the rest.

The Flash speeds back to TV screens on Tuesday, January 24th at 8pm.
