

The latest featurette for Doctor Strange offers up a look at the relationship between Stephen Strange and Wong, and well, it doesn't appear as if they're going to get on too well upon first meeting! Every MARVEL TV Show Released So Far Ranked From Worst To Best Doctor Strange follows the story of neurosurgeon Doctor Stephen Strange who, after a horrific car accident, discovers the hidden world of magic and alternate dimensions. Set for release on November 4th, later this year, the cast includes Benedict Cumberbatch, Chiwetel Ejiofor, Rachel McAdams, Benedict Wong, Michael Stuhlbarg, Mads Mikkelsen, Tilda Swinton, and maybe even Robert Downey Jr.
