

Marvel's next sure-to-be blockbuster is almost with us, so this month I'll be focusing on one of the awesome Doctor Strange-related items available now over at SuperHeroStuff. There's some great movie merchandise in stock, but being old-school I decided to go with this psychedelic blacklight tee, which is directly inspired by one of Steve Ditko's most iconic comic book panels. Dr. Strange Blacklight 30 Single T-Shirt You guys think Dr. Strange ever has a normal day, or do you think the very nature of the job keeps him involved in some rather bizarre occurrences? Judging by this 100% cotton, 30 single t-shirt, I would go with the second option. 30 single means that this shirt has been infused with magic, which has resulted in a much softer feel than your normal t-shirt! Just don't let Dormammu close or he'll try to take it away from you. Now, will it really work if you put it next to a black light bulb? Not sure,
