

The Walking Dead returned for its ultra-violent season 7 premiere this past Sunday, and even though everyone's favorite crossbow-wielding redneck did kinda wind up getting Glenn Lucille-d, he's still Daryl fucking Dixon at the end of the day. Halloween approaches, and if you're planning on donning the leathers and hunting some walkers, you'll need this awesome Daryl Infinity Poncho Scarf from SuperHeroStuff to complete the look. Walking Dead Daryl Infinity Poncho Scarf Get yo poncho on with the 50% Polyester 50% Viscose Walking Dead Daryl Infinity Poncho Scarf! Worn throughout the AMC series by Daryl and Maggie and probably some others... Oh you know who I am talking about. That random person at Terminus. "Where are our people?!" That's right, Rick. Show em' who's boss. Yeah.. so anyway, this is not the actual poncho but it is a scarf that looks like the poncho and can be yours to do with what you will. I highly recommend wearing the Walking Dead Daryl Infinity Poncho Scarf
