

Just a few weeks ago, Entertainment Weekly debuted official images from Sony & Marc Webb's The Amazing Spider-Man revision, along with their watermark. And while we have a descent trailer to look at, Sony have officially released six of the previously-seen images offering a closeup look in their original quality. Check them out below, and for HQ download, check here!

The Amazing Spider-Man focuses more on Peter Parker's high school days and the development of his powers while navigating the troubles of a brainy geek in high school. And starring Andrew Garfield, Emma Stone, Denis Leary, Rhys Ifans, Martin Sheen, and Sally Field, the films swings into theaters July 3, 2012 in 3D!
