

One of the coolest moments in Rogue One: A Star Wars Story comes when we pay a visit to Darth Vader's castle on Mustafar, the fiery planet where Obi-Wan Kenobi managed to defeat him during the events of Revenge of the Sith. The movie never identifies it as that, but Lucasfilm's Pablo Hidalgo has confirmed that it is and that its inclusion in the Star Wars Rebels season one finale was deliberate. However, Hidalgo's Star Wars: Rogue One: The Ultimate Visual Guide sheds even more light on the "Dark Monolith." In a fascinating twist, it's The Emperor who has seen to it that Vader is forced to live on the planet where he suffered his greatest failure. "Vader's personal abode is an obsidian tower on an inhospitable world," he reveals. "It is the Emperor's design that Vader lives in such an unforgiving environment. Vader's attendant, Vanee, visits Vader as he meditates within a rejuvenation chamber. The stark, modern structure is built over an ancient
