

The past few days have seen some very interesting reveals come our way courtesy of the New York Toy Fair, and now we have a detailed look at the Dark Knight's new Batmobile in Zack Snyder's Justice League. As you can see, it's not massively different from its predecessor, but a lot of significant changes have definitely been made to the overall design and weaponry. It also appears to be sporting a lot more in the way of armour and weaponry, something which makes a great deal of sense considering the fact that Batman will be fighting alongside the likes to Aquaman and The Flash against Steppenwolf and his powerful Parademons. Anyway, you can check out the full gallery of images over at CNET, but a selection are below. Starring Ben Affleck, Henry Cavill, Amy Adams, Gal Gadot, Ezra Miller, Jason Momoa, Ray Fisher, Willem Dafoe, Jesse Eisenberg, Jeremy Irons, Diane Lane, Connie Nielsen, Ciaran Hinds, Amber Heard, Kiersey Clemons and J. K. Simmons, Justice League
