

That first pic of Catwoman really seemed to catch many people off guard. Some set pics of Hathaway's stunt double which revealed a better look at the entire outfit were met with slightly better reactions but the general consensus seems to be that Catwoman doesn't look very cat-like. Now speaking to MTV Anne Hathaway surprisingly comments on these first reactions. And offers a cryptic clue regarding the leather outfit she is sporting in the picture. Here is an excerpt from MTV's article.. "I was not going to admit it: I asked someone to send me a few reactions [to the photo]," she said. "And I happen to know that MTV's reaction was 'meh.' " Now, we're not sure about the "meh" quote, but we will admit to using the phrases "cautiously optimistic," "unflattering" and "underwhelming" in our analysis. Regardless, Hathaway said that no matter the first impressions, there is a lot more happening
