

I Love Being a Turtle! I loved the Teenage Mutant Ninja Turtles cartoons and movies when I was younger (still do actually) but only recently started reading the comics thanks to IDW and they are awesome. I have been reading the new series as well as going back and reading some of the old stuff and I am hooked. Right when I am at the peak of my turtle love, we get in a brand new Teenage Mutant Ninja Turtle shell backpack. Well, I just couldn't resist. I bought one and it's going under the tree for my son. You can check it out [TMNT Backpack](#)
