

The latest Cine PREMIERE Mexican magazine issue was released today featuring a new look at the heroes of Marvel's The Avengers movie assembled on the front cover. And included in the mag is their "set visit" report, which offers a few comments from Marvel Studios head honcho Kevin Feige on the potential sequel's storyline. There are countless numbers of stories, but Civil War, the infamous chapter in which the superheroes fight each other, is a dream for millions of fans to see on the big screen, including Feige. "Exceptional story [it is] and at some point would be great." As for new characters who may appear in a sequel, on the presence of heroes like Wolverine or Spider-man, Feige thinks: "No plans for now and the advantage is that none of these characters are part of the core team. The contracts are very clear and there has been no
