Tim O'Shea from Robot 6 recently had the chance to speak with Christopher Yost, Story Editor for The Avengers: Earth's Mightiest Heroes. Of course they discussed just what the job demands of Yost and also his involvement with X-Men: Evolution. What follows is the portion of the interview covering the shows characters... In a recent Marvel.com piece, you said: "Clint Barton for me is the one guy that if he's not there, it's not really the Avengers." Can you talk a little bit more about why you feel that way about Hawkeye—and how you have been able to convey that sentiment in your use of the character in the show? Well, you generally need one of the big three as well, but honestly... In my mind, Hawkeye's the fourth of the big three. To me, if the team is Black Knight, Sersi, Doctor Druid, Photon and Namor, I'm skeptical – and obviously I
