

Scarlett Johansson appears to be the latest victim of a nude photo HACKER -- after multiple self-shot naked cell phone pics of the actress appeared on a popular website this morning. Sources connected with Scarlett tell us ... the FBI will be contacted this morning because they believe this is a criminal act. - Courtesy of TMZ The pictures have not been confirmed as real. In this day and age they could be the work of someone with photoshop skills. To weigh in on the debate, hit the CONFIRM button if you think they are real. If you think the photos are a fake then click the DEBUNK button. The two buttons are at the bottom left of the page where the thumbs up and thumbs down icons usually are.
