

I can't recall if anyone has commented on this before but reading a recent article that used this picture kind of made me chuckle as it claimed that the shot in question was of Nick Fury hitting an alien (with the smoke made it difficult to make it out). Well, it's not an alien he's hitting, it's a S.H.I.E.L.D. guard. This screengrab is not the clearest but when you freeze frame it on the Blu-ray for Captain America: The First Avenger, it's very clear, although I unfortunately don't have the know-how to upload it. In Fury's left hand he is blocking a machine gun the guard is holding and it's not dreadlocks it's just the material their vests are made of. Someone's mind is being controlled by Loki but which one?
