

For whatever reason, Kevin Feige and Jeph Loeb are unable to get their sh\*t together and make some sort of crossover between the big and small screen Marvel properties a reality. That means that the chances of Daredevil, Jessica Jones, Luke Cage, and Iron Fist showing up in Avengers: Infinity War are probably between slim and none, but who know, it could still happen somewhere down the line. Asked by Empire Online in a recent interview to promote Luke Cage whether or not he could picture the hero standing alongside the likes of Thor and Iron Man, Mike Colter laid down some conditions. "I could. I think we have to get to a point where Luke is entrenched in the Marvel Universe. I think he would need to be literally a hero for hire, because I don't think he'd join forces with anyone for nothing. He's pretty busy trying to make ends meet, so as we build his storyline it'd have to be
