

Disney is hitting their stride with live action remakes of their animated classics; their latest film, *Beauty and the Beast*, is on track to follow in the footsteps of *The Jungle Book* as a box office hit. However, many have questioned why Disney is bothering to remake the movie at all, considering the original was an Oscar-winning classic. In a new featurette, director Bill Condon, (along with Emma Watson, Dan Stevens, and other cast members) address this concern, along with showing some behind-the-scenes footage and new shots from the film. Check it out below, and let us know your thoughts in the comments! *Beauty and the Beast* invites you to theaters on March 17, 2017. Disney's "*Beauty and the Beast*" is a live-action re-telling of the studio's animated classic which refashions the classic characters from the tale as old as time for a contemporary audience, staying true to the original music while updating the score with several new songs. "*Beauty and the Beast*" is the
