

Get More: Music News "I think the whole 'which alien race' debate that I believe will still be going on after I've died of extreme old age, which will probably be next month, that for me was sort of odd," revealed writer and director Joss Whedon in an interview with MTV News. "We said right up front, 'It's not any of those guys,' and they were like, 'Oh it is! It is!' We didn't lie." "What was the most outrageous rumor? That Coulson was actually a Romulan princess," adds actor Tom Hiddleston. "I thought that was hilarious. What else was there? I just remember trying to keep it secret because I knew all the secrets, the identity of Loki's army for example, which everybody wanted to know." "There were characters that were supposed to be in it that people said were in it like Moon and I think there was a Ms. Marvel rumor,
