

The Hot Toys DX Joker Collectible Figure has been very well-received since its launch in 2009. In view of fans' expectation, Hot Toys is proud to present his advanced version – The DX Joker 2.0 Collectible Figure from The Dark Knight movie, specially crafted based on the image of Heath Ledger as The Joker in the movie, highlighting the highly detailed head sculpts crafted with the latest sculpting and painting technique by our chief Korean artists Yulli & JC. Hong and the costume customized by the extraordinary 1/6th scale figure costume artist Kato, which best fits his advanced body. The Joker 2.0 is definitely a must-have for fans! The DX Joker 2.0 Collectible Figure is truly movie-accurate, equipped with our patented Parallel Eyeball Rolling System (PERS), highly detailed accessories and weapons. - Hot Toys
