

The Dark Knight Returns is set in a near future where Batman is retired and Gotham City has slid into a dystopian state ruled by a gang of hooligans called The Mutants. The 55-year old Bruce Wayne is forced to don the cape once more, this time partnering with a female Robin to not only stop the Joker but keep the peace when the city falls into chaos after being hit by an electromagnetic pulse. Many thanks to @MOVIELORD101 for the heads up. The Dark Knight Returns, Part 1 will be released this fall, while Part 2 will hit stores in early 2013. Follow @PaulRomCBM
