

Well this is exciting! Two photographers chasing down the tumbler as it heads to an Rock Airport location. Check out their revealing quotes below. Even though a tarp is covering the tumbler, you can still clearly see tan in the brief openings. I would find it hard to believe that the tumbler is only tan in certain spots, unless they are possibly using the camouflage version we saw in Batman Begins. It would make a lot of sense. The last bat car was destroyed in the movie and we know the camo-version is the only one left. Pictures and Video from subaruwrxfan, Matt Maranowski We followed the new Tan Tumbler as it was being transporter to Rock Airport where they will be filming. DoctaM3 Spotted the Tumbler today... freshly painted in the new color. This is the first video of it leaving the studios on its way to a secret hanger at a local airport. Photo
