

The fine people at Batman-News.com have kept a diligent eye on the Warner Brothers YouTube page where they have posted that The Dark Knight Rises will be made available for home release on December 3rd of this year. The information was posted along with one of the theatrical trailers. While no special features are listed at this time, it is specified that you can own the conclusion to The Dark Knight trilogy on Blu-ray Combo Pack or Digital Download. Click the image to watch the trailer. The Dark Knight Rises stars Christian Bale, Joseph Gordon-Levitt, Tom Hardy, Marion Cotillard, Juno Temple, Anne Hathaway, Michael Caine, Morgan Freeman, Gary Oldman, and will be released on blu-ray and DVD December 3rd.
