

Marvel and Netflix's The Defenders began shooting today on the streets of New York under the working title "Group Therapy", and thanks to Reddit user reallywittyusername1, we have the following photo from the set. Unfortunately only one member of the team has been spotted so far: Krysten Ritter's troubled powerhouse, Jessica Jones. It doesn't look like Miss Jones has altered her wardrobe a whole lot since we last saw her, but fans will be hoping for a slightly different costume for Daredevil, and possibly even a first glimpse of Iron Fist's duds. Keep an eye on CBM for updates.
