

When we last saw Jesse Wells, she was heading back to Earth-2 alongside her father. Since then, she's discovered that she's a speedster, and we get a first look at her in action in this promo for next week's instalment of The Flash. The villainous Magenta also makes her presence felt here, and it looks like the Fastest Man Alive will need some backup from Jesse Quick if has any hope at all of taking her down. Barry (Grant Gustin) and Team Flash are thrilled to reunite with Earth-2 Wells (Tom Cavanagh) and Jesse (guest star Violet Beane). Wells confides to Barry and Caitlin (Danielle Panabaker) that Jesse has all the powers of a speedster and has been saving people on his Earth. He is concerned about her safety and wants them to talk her out of using her powers. Meanwhile, Magenta, (guest star Joey King) a new meta who can control metal, terrorizes the city. Armen V. Kevorkian directed the episode
