

November 28th is shaping up to a big one for Supergirl as not only will the episode launch the epic four-part DCTV crossover event, it will also feature the return of the original Girl of Steel, Helen Slater, as Eliza Danvers. Her visit seems to set a couple things in motion as Alex finally decides it's time to have a long overdue chat with her mother about something important, Kara discovers Mon-El may think of her as more than a friend, and Jimmy & Winn contemplate whether they should come clean about Guardian. Elsewhere, Supergirl has her hands full with CADMUS when they unleash a virus that can kill any nearby aliens almost instantly. Plus, the tail-end of the episode will see Barry Allen & Cisco Ramon pop in and ask for her help in stopping an alien invasion!
