

This banner from yesterday featured a slightly calmer-looking King, as Brie Larson's beauty appeared to be in the process of reasoning with the beast. However, these latest official Kong: Skull Island posters depict the iconic creature in all his rage-filled glory, as he unleashes hell on the island's interlopers. Tell us, are you looking forward to this movie, or so you think King Kong should have been laid to rest with Peter Jackson's reboot back in 2005? A team of explorers and soldiers travel to an uncharted island in the Pacific, unaware that they are crossing into the domain of monsters, including the mythic Kong. Starring Brie Larson, Tom Hiddleston, Samuel L. Jackson, John Goodman, Jing Tian, Corey Hawkins, Jason Mitchell, John Ortiz, Shea Whigham, and Toby Kebbell, Kong: Skull Island is set to be released on March 10th, 2017.
