

These life-sized Trolls are on display at WETA's The Hobbit: An Unexpected Journey display at this year's San Diego Comic-Con. It's likely that these were used as reference for the animators at the digital effects house during production of the Peter Jackson helmed The Lord of the Rings prequel(s). Many thanks to Bleeding Cool for the following image, and be sure to stay tuned to CBM for more from the event over the next few days. Click on the image below to view the full-size version. The adventure follows the journey of title character Bilbo Baggins, who is swept into an epic quest to reclaim the lost Dwarf Kingdom of Erebor from the fearsome dragon Smaug. Approached out of the blue by the wizard Gandalf the Grey, Bilbo finds himself joining a company of thirteen dwarves led by the legendary warrior, Thorin Oakenshield. Their journey will take them into the Wild; through treacherous
