

There aren't too many big movies left to hit the big screen this year, but two of the most anticipated will be released in the UK before North America. We already know that Skyfall is set to be released a full two weeks ahead of the US, but now the official Facebook page of The Hobbit: An Unexpected Journey has revealed, "The adventure begins a day early! We are very excited to announce that The Hobbit: An Unexpected Journey will now be released on December 13th!" So, it's only 24 hours sooner, but that makes all the difference for those already counting down the days until its release! Sound off with your thoughts below. The adventure follows the journey of title character Bilbo Baggins, who is swept into an epic quest to reclaim the lost Dwarf Kingdom of Erebor from the fearsome dragon Smaug. Approached out of the blue by the wizard
