

Now I grew up a DC fan. I was a 90's baby. I also grew up on Batman: The Animated Series, Superman: The Animated Series, Static Shock, and Justice League. I've always loved to see what the Justice League movie would look like on the big screen. I've watched countless fan made trailers. Now I also love Marvel. I have a lot of respect for what they did with their movies and I loved The Avengers. I'm sure a lot of Marvel fans dreams were realized when they saw The Avengers fighting together on the big screen. It seems WB's wants to do the same with the Justice League. Fans have wanted this for years. I believe if the movie is done right, it could be better than the Avengers. A lot of rumors, facts, and bull have been revealed about the Justice League movie. Some fans believe the rumors. I
