

Tomorrow night's episode of Legends of Tomorrow will bring the "Invasion!" crossover to an end, but the eighth instalment will see the team return to their time travelling adventures in order to try and bring an end to whatever nefarious scheme the Legion of Doom has planned. While Captain Cold has yet to join the roster, the villainous team is beginning to come together as Malcolm Merlyn signs up. Considering the fact he had something of a complex relationship with Damien Darhk in the present day, it will be interesting to see how their dynamic changes when Malcolm meets a younger version of the villain he tried to destroy the world with It's the Reverse-Flash who is calling the shots though, and it appears as if the Legends are about to come face to face with the group for the first time here.
