

LEGO delighted Disnerds with their last set of individually packaged minifigures, and now it's time for Bat-fans to get excited. 20 minifigs based the upcoming LEGO Batman Movie will hit shelves this January, and there's going to be some awesome characters available. Not only do we get obscure villains such as Calculator, Zodiac Master, and The Eraser, but there's also several bizarre and hilarious variations of the Dark Knight himself. We probably won't see all of these guys in the actual movie (or maybe just a brief background glimpse), but they're still a must-have for any LEGO collector or Batman fanatic. We have some larger images and a full list of the available characters below.
