

The website One Headlight Ink has posted these brand new set photos for Johnny Depp's The Lone Ranger. We're still probably a few weeks away from having any behind-the-scenes pictures of Tonto (Depp), and Armie Hammer as The Lone Ranger. Indie Wire recently had a conversation with Gore about his next film, The Lone Ranger. Even though the film struggled to get off the ground, but budget cuts were made and now Gore proclaims everything is going "great." He even described the look of the film. "It's going to be photo-real and it's going to be interesting in its own way but it's a complete stepping back over the fence from 'Rango,'" Another rumor that was spreading about the film was that a lot of the high budget was caused by a possible inclusion of CGI werewolves. This had the whole internet a buzz since The Lone Ranger doesn't seem like a
