

According to BoxOfficeMojo, the Marvel Cinematic Universe (referred to on BOM as the 'Avengers' franchise, and on Wikipedia as the MCU itself) has raked in enough money to enter the Top Ten list of Franchises, with a current total of \$2,267,766,369, just 230 million behind the famous Spider-Man trilogy, which will gain a new addition next year with the highly-anticipated Amazing Spider-Man. The Marvel Cinematic Universe also currently has, out of the top ten list, the second highest average gross per film, behind Spider-Man, and ahead of Batman.

----- The Marvel Cinematic Universe's next installment is The Avengers, which comes out May 4th, 2012.
