

io9 have released some interesting details which were revealed at a recent chat with the filmmakers behind Captain America: The First Avenger, including writers Christopher Markus and Stephen McFeely, director Joe Johnston, and producers Kevin Feige and Louis D'Esposito. What follows are a few excerpts from their report regarding the role of the Nazis and Adolf Hitler in the movie, but to read more (including a few new details on Cap's transition into The Avengers) head on over to the site by clicking on the link below. The creative team emphasized that they didn't push the Nazis to one side because they were afraid of using them - as Joe Johnston put it, they're a universal villain and can be killed with impunity, so they didn't leave them out for fear of somehow offending people. And, indeed, they pointed out that there are still plenty of Nazis in the movie, they just
