

Avengers: Infinity War starts shooting soon, but The Russo Brothers are currently hard at work scouting locations for the highly anticipated release. This is a pretty interesting looking place, and if I were to take a wild guess about what it might be, Avengers Mansion would be a fun one! We have no idea as of right now though, but it's interesting that the directors decided to highlight it on their Facebook page. With Avengers: Infinity War and the currently untitled fourth instalment shooting back to back, it's entirely possible that this house may not even factor into the first of the two highly anticipated movies. Christopher Markus and Stephen McFeely wrote the screenplays for both, while the Russos will be shooting them in IMAX. Alan Silvestri is providing the score, and the cast has yet to be officially announced/ We do however know that the likes of the Guardians of the Galaxy, Doctor Strange, Spider-Man, and Captain Marvel will probably show up.
