

The Guardians are back and they look better than ever! The first teaser trailer arrived last week, and while it was basically two extended jokes mixed in with some seriously action-packed new footage, it did a more than satisfactory job in raising excitement levels worldwide for the James Gunn-directed space epic. The film features the return of nearly everyone from the original 2014 blockbuster, including Chris Pratt, Zoë Saldana, Dave Bautista, Bradley Cooper, Vin Diesel, Karen Gillan, Michael Rooker, Sean Gunn, and Glenn Close. Joining them on the new adventure are Kurt Russell, Pom Klementieff, and Elizabeth Debicki as well as a few new Ravagers. Plot details have been kept under wraps for the most part, but what we do know is that the film will center around Peter Quill finally meeting his father - Ego, the Living Planet.
