

For those of you who may not be familiar with Travis Charest, this is the man who has influenced many of the best artists of the modern era. Beginning with his work on WildCats up to his recent covers for Captain America and Thor, Charest revolutionized the artistic process of comics and introduces a style that many attempt to emulate. Recently, Charest has been teasing a secret project for Marvel involving Wolverine and Captain America. Check it out: Sneak Peak: When I get asked what I'm working on I usually don't have a decent answer, until now. This is just a sketch so don't read too much into it, but I can say it features Cap and Wolverine and part of it takes place in the early 1940's... Sneak Peak: I've still got a long way to go but here's another look at something in the hopper... Click here to
