

Walking Dead fans feeling let down by the meandering second season of AMC's television adaptation of Robert Kirkman's hit comic book are in for a real treat... n fact anyone who is a fan of The Walking Dead in any medium is in for a real treat with Telltale Games episodic adventure adaptation. I have mixed feelings about Telltale Games – Back to the Future had a great story, and amazing voice work, but the graphics and controls left A LOT to be desired, but Telltale have rectified this with The Walking Dead. By using stylised cell shaded graphics to give it a comic book feel, you don't notice the games graphical limitations, in fact the game really does look beautiful most of the time because of it, and characters expressions are conveyed amazingly well. The controls have too been tightened, although there are still a few issues here with one or
