

1. GREEN LANTERN #0 After the shocking events of Green Lantern Annual #1, how could this be anything other than THE most essential purchase of the week? Whether or not we will discover the fate of Hal Jordan and Sinestro remains unclear, but we do know that we'll see what happens to their rings after they merged and went off to hunt down a new ring bearer for Sector 2814. Of course, we already know that that will be 'Baz', a Muslim Arab-American. Various pieces of artwork from upcoming DC comic books have shown him battling the Justice League, so where his allegiances will eventually lie is another mystery. However, we DO know that he will be a member of next year's Justice League of America. 2. HAWKEYE #2 Last month, I awarded the first issue of Matt Fraction (Invincible Iron Man) and David Aja's (Immortal Iron Fist) Hawkeye #1 a 5* rating
