

According to a production update from Box Office Mojo, Twentieth Century Fox have given their long-productive much-anticipated sequel, The Wolverine, an official release date. Joining Marvel flicks Iron Man 3 and Thor 2 in year 2013, check out the spotlighted release date down below. The Wolverine, under James Mangold's direction, brings back Hugh Jackman as 'Logan/ Wolverine,' taking on the Silver Samurai. The story follows Logan being lured to Japan to learn who he is and where he came from. And Fox has yet to announce a release date for the much-anticipated sequel. With a script by The Usual Suspects scribe Christopher McQuarrie, filming is expected to commence soon. </font
