

Following the recent second trailer for director Justin Kurzel's big screen take on the Assassin's Creed video game, we have yet another poster featuring star Michael Fassbender... and a lot more Michael Fassbender. The kaleidoscope/tarot-style one-sheet seems to have missed out on an opportunity to have Callum Lynch at one end of the image, but it's still a pretty cool design. Assassin's Creed also stars Marion Cotillard, Jeremy Irons, Michael K. Williams, and Ariane Labed, and is set to hit theaters in December. Through a revolutionary technology that unlocks his genetic memories, Callum Lynch (Michael Fassbender) experiences the adventures of his ancestor, Aguilar, in 15th Century Spain. Callum discovers he is descended from a mysterious secret society, the Assassins, and amasses incredible knowledge and skills to take on the oppressive and powerful Templar organization in the present day.
