

Following their awesome Wonder Woman cover reveal from earlier on, Empire has debuted a new image from Guardian of the Galaxy Vol. 2. The pic sees Drax and Star-Lord tooled-up and ready for battle, and while Quill is wielding his trusty twin pistols, everyone's favorite literal alien is equipped with a rather large blaster that will no doubt do some serious damage. In addition, Chris Pratt gives fans an idea of what to expect from the intergalactic A-holes' next adventure: "You can expect to see everything you loved in the first movie, but you're also going to... but it... oh, I should rephrase that. Don't expect to see everything you saw in the first movie. But expect to be charmed and thrilled and entertained like you were watching the first movie." Be sure to pick up the latest issue of Empire for more. Guardians of the Galaxy Vol. 2 is set to hit theaters on May 5th.
